Turn west, (left as you come from Decatur). About 1.7 miles later, there is a small road to the right, there's not much warning, and not much marking, its 2265, turn right there. It's 9.1 miles to the next turn and that's called 2127, turn right. 2.4 miles farther is the entrance, it's called 1990 in Crafton. There's a cemetery on the right. It's a dirt road. Cross the cattle guard, the track is on the left.
